Superintendent's Message:

Welcome to the 2016-2017 School Year! We are all very excited to have your children with us each day. Throughout the year there will be a variety of activities and events that the children's families will be invited to participate in. We need family support for our children to grow and learn and be successful.

I have told the students that my expectation of them is to be in school all day, every day. This provides them with time to have breakfast and lunch, participate in extra-curricular activities, receive the best quality instruction and be a part of improving our school system.

I look forward to meeting you and getting to know the community in the coming school year. Carol Rempp
